Website: [www.cecoinc.com](http://www.cecoinc.com) • E-mail: [sales@cecoinc.com](mailto:sales@cecoinc.com)

**THREE YEAR PARTS/LABOR WARRANTY**

If it's made by Continental, it's warranted by Continental for a full three years. Just notify us of any motor or component that's not operating according to the original specifications at any time within three years of installation. We'll make complete repairs; and there's no charge for parts or labor. If the component is not made by Continental, we'll pass along that manufacturer's warranty in its entirety.

All we ask of you is to operate the motor under normal conditions, with normal maintenance, for those purposes for which the motor was designed. Should performance fall below specified levels, contact us immediately.

A full warranty statement is included with each motor we ship. Consult this statement for a complete explanation of your rights and obligations.

**SALES, PARTS AND SERVICE NEVER MORE THAN A PHONE CALL AWAY**

Continental's comprehensive distribution program places engineering service and a complete parts inventory in all major industrial areas. Add our 24-hour emergency hotline – 1-800-335-6718 – and you're assured immediate response, minimal downtime, and optimum operating performance anywhere in the country.
